\$249+HST

REGISTER NOW!

Space is limited to 20 campers per week*

Preservation and conservation are vital to the survival of Ontario's wildlife. If your child loves the outdoors, connecting with nature and wants to make a difference in the future of our environment, this camp is for them!

Campers are transformed into Wildlife Detectives learning new skills and knowledge that they will be excited to come home and share with you! Each day a central theme is presented to the campers (ex. Plants & Forestry, Mammals, Reptiles, Birds) Their activities, crafts, games and animal encounters are then tied into the daily theme.

*Camper to Wildlife Educator Ratio is in compliance with the Ontario Camp Association (6:1) for this age group

What Skills Can My Wildlife Detective Learn?

Animal Tracking, Forest Management, Bird Watching & Identification, Orienteering, Edible Wilds, Shelter Building, Fur-Bearing Mammals, Monarch Butterfly Conservation, Tree Identification, Snake & Turtle Conservation and much much more!

**Our camps are 100% outdoors,
100% educational AND 100% fun!**

Which Animal Ambassadors will you meet?
