

WILDLIFE STEWARDS

Summer Camp

Preservation and conservation are vital to the survival of Ontario's wildlife. If your child loves the outdoors, connecting with nature and wants to make a difference in the future of our environment, this camp is for them!

Campers will learn new skills and knowledge they will be excited to come home and share with you! Each day a central theme is presented to the campers (ex. Animal Stewardship, Welfare and Care). Their activities, crafts, games and animal encounters are then tied into the daily theme.

What Skills Can My Wildlife Steward Learn?

Animal Tracking, Forest Management, Bird Watching & Identification, Orienteering, Edible Wilds, Shelter Building, Fur-Bearing Mammals, Monarch Butterfly Conservation, Tree Identification, Snake & Turtle Conservation and much much more!

**Our camps are 100% outdoors,
100% educational AND 100% fun!**

Which Animal Ambassadors will you meet?

TO REGISTER, EMAIL US AT:
info@sopercreekwildlife.com
or visit www.sopercreekwildlife.com

**AGES
